Season Of Delight 2023

A delicacy goes beyond just mere flavour. For us, it's a labour of love and it's a feeling we hope resonates with you. Almond House's journey began in 1989 with a small team driven by one goal – rewarding our customers with a truly fresh experience.

Today, Almond House's name has become synonymous with purity and we've organically grown our offerings from traditional sweets, namkeen and dry fruits, to a diverse variety of eggless confectionery, natural ice creams, chocolates and more. The flavours we love are embedded in the city that made us.

of HYDERABAD™

An experience that begins with tradition

In our culture, sweets represent more than just a treat. They're deeply associated with the significant moments of our lives – occasions we celebrate, memories we cherish and the love we share. It's this emotion that we look to cultivate by becoming a small yet significant part of your festivities.

Almond House

#YOURSAFEHOUSE

COVID-19 pandemic still potentially disrupting our lives as usual, it's important to choose a safer indulgence. Even before the pandemic, Almond House has been implementing more stringent protocols than the guidelines issued by the WHO.

We've now taken our efforts a step further and have been appreciated by noted publications and trusted customers who feel comfortable sharing a box of their favourite Almond House goodies with their loved ones.

Going Above & Beyond The Call of Duty

Customer well-being

- Temperature checks at the entrance
- Face masks and hand sanitisation compulsory
- Floor Guides to follow social distancing
- Daily store and air sterilisation
- Non-contact payment options

We have always maintained the practices now prescribed by WHO.

Employee well-being

- Daily temperature checks
- Face masks, gloves & periodic hand-wash compulsory
- Daily briefing on precautions
- Uniform and shoe sterilisation upon entry of every zone

Kitchen safety

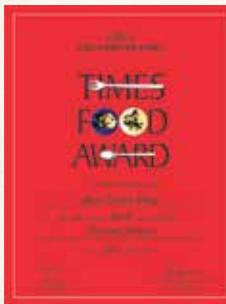

- Face masks, gloves, hairnets and face shields for employees in the kitchen
- UV sterilisation of raw materials and kitchen
- Daily disinfecting of all transport vehicles
- Finished products and packaging are UV sterilised
